**BASE BALL.**  
Pittsburgh will contribute a good-sized quota of the crowd at the Fulton arena Wednesday night, when "Buck" Steiner, of this city, and Louie Campbell, of Pittsburgh, meet in a twenty-round glove contest. A special rate has been made by the railroads, and the Emory City brethren are coming down to cheer on their favorite. A principal feature of the event, however, will be the appearance of Peter Maher in the capacity of referee, and this attraction alone will be a great drawing card.

Steiner never lets up in his tramping, and is at it every day working hard. He is in splendid fettle, and is aware of that condition being necessary. Local sports are hoping he will be successful, and in that event he will be sent up against Jack Williams, of New Orleans, November 30.

**TO-NIGHT'S WRESTLING MATCH.**  
Great interest is being taken in the wrestling match at the Pythian castle, this evening, between Charles Daily, of this city, and Frank Davey, champion of Rhode Island. It promises to be an exciting event and the preliminaries consist of several rattling boxing bouts between local talent. Daily has made a reputation not only locally, but through Ohio, where he has defeated some good men. He will have the advantage of weight over Davey. The latter, while confident of success, is not indulging in any boasting and remarks that he will do his talking tomorrow.

**FOOT BALL.**  
As was expected, the Wheeling Tigers were defeated at Greensburg, Saturday, the score being 30 to 0. The locals presented a crippled team, some playing in certain positions for the first time; nevertheless, putting up a good game, for it must be remembered that Greensburg is a strong bidder for championship honors in western Pennsylvania. The contest was remarkably clean, the opposing players jostling with each other throughout, and parted with good opinions of each other. It was the Tigers' third annual trip to Greensburg, and the most pleasant of all. While the score looks one-sided, the victors, according to dispatches, had to work hard for every inch of territory gained.

In the Greensburg game "Tom" Wolington played center, and all things considered, did well. Frank Kuchel, though light, showed up well. He played quarter for the first time, and also figured at full back and one of the Teds. The Edwards boys, Specht, Barrett and McFarland, were there all the time, and Jim Handlan's work was brilliant, his line plungers being terrific. Davis is another young player that is showing up well.

The Tigers may arrange a game with New Castle for next Saturday. New Castle wants to come to Wheeling. It is possible the sturdy Youngtowns may be tackled next Saturday, the arrangements being under way. Youngstown is also dickering with Erie for the same date. Youngstown is, without doubt, the best aggregation in Ohio, and the Tigers would find it a hard nut to crack. The Tigers can give any of the big teams a stiff argument, but they are handicapped in not having another eleven to line-up against in practice.

The Madisons, formerly known as the Linslys, defeated the Ritchies before a large crowd, Saturday, at the Bridge park, in an exciting game. The score was 10 to 4.

## CYCLING.

John W. Kelly, Jr., treasurer of the Amateur Athletic Union, has been selected as an advisory member of the racing board of the League of American Wheelmen, he will act as the representative of the A. A. U. at the national assembly to be held in St. Louis in February next. According to the terms of the Alliance between the A. A. U. and the L. A. W. all matters pertaining to A. A. U. cyclists must be referred to Mr. Kelly before action is taken by the racing board. Just prior to the conference of athletic authorities held in New York City last spring, when the Amateur Athletic Union appointed a committee on legislation, Mr. Kelly, who is one of the best posted men in America on athletic laws, was selected as the chairman of this most important committee. These appointments have been made as special marks of Mr. Kelly's ability and diplomacy, as well as his keen and close knowledge of A. A. U. affairs and its laws.

**A STRONG MAN.**  
This evening at the Windsor, J. W. Hart, who is billed as the coming strong man of America, will give an exhibition. Some of his feats are said to be marvellous, such as breaking stones with his bare fist, driving a spike six inches into a plank with his bare hands, etc. He is thirty years of age, stands five feet eleven inches, and weighs 195 pounds.

Many a man who would be startled at the bare thought of sitting down and deliberately drinking a dose of poison, allows himself to be regularly and systematically poisoned day after day by accumulations of bile in the blood.

When the liver fails to do its regular work of filtering this bilious poison out of the circulation, it goes on poisoning the entire constitution just as surely as if a man was drinking prussic acid. Every part of the body is polluted. The digestive juices are suppressed and weakened. The kidneys and skin are clogged with impurities and the lungs and bronchial tubes overloaded with morbid secretion which eat away the delicate tissue, and bring about bronchitis and consumption. All the diseases caused by this subtle process of bilious poisoning are cured by the marvelous alterative action of Dr. Pierce's Golden Medical Discovery. It directly increases the liver's natural excretive and purifying powers; gives the digestive and blood-making organs power to manufacture an abundance of red, rich, healthy blood. It drives out all impurities, and vitalizes the circulation with the life-giving elements which restore perfect health and muscular power, and healthy nerve force.

In August 1895, I was taken down in bed with a burning and aching pain in my stomach and under my shoulders, and dizziness in my head. I wrote Dr. H. H. Herring, Reg., of Needmore, Pa., and he sent me a bottle of his Golden Medical Discovery. I was persuaded to try some of Dr. Pierce's remedies or to see what he thought of my case. I wrote him and received an answer stating that my suffering was from indigestion and biliousness, and advising me to take Dr. Pierce's Golden Medical Discovery. The first bottle gave pleasing results. I have taken four bottles of the "Golden Medical Discovery" and three small vials of the "Pleasant Pellets." I am able to do my work and eat what I could not before I took these medicines.

## AMUSEMENTS.

A big comedy company of merit is Charles E. Blaney's latest farce, "A Boy Wanted," which will be the attraction at the Opera House, to-morrow evening. This is one of the largest and most successful companies launched on the road under the Blaney banner, and is a great long laugh for three hours. "A Boy Wanted" is said to be one of the brightest and most enjoyable entertainments that have ever been conceived; and as an evening of laughter never fails to attract a large audience, this engagement should test the capacity of the theatre.

**GO-WON-GO MOHAWK.**  
This evening at the Grand, Miss Go-Won-Go Mohawk, the talented Indian actress, opens a half week's engagement. The Sussex (England) News, says: Miss Go-Won-Go Mohawk was never seen and heard to greater advantage, and during the evening many floral tributes testifying to her popularity in Brighton were handed to her over the footlights.

**ACCIDENTAL DEATH.**  
The Identity of the Forty-eighth Street Accident Victim Has Been Disclosed. The identity of the man who was run down by a Baltimore & Ohio engine near the Forty-eighth street crossing late Saturday night, has been disclosed. Coroner Schultze held the inquest yesterday afternoon, and a young man named Kraft identified the body as that of John Kreutzer, a man who has relatives in the Eighth ward, and who worked and resided in Benwood. The engineer of the train testified that he had sounded the whistle 200 yards away and that he did not see the man on the track until thirty or forty feet away, when it was impossible to avert the accident. The man seemed dazed and was standing near one rail, and had time to step aside before the engine struck him.

**A FINE SHOWING.**  
A Big Increase of the Number of People Paying Taxes. The Register, among other misstatements, says that the city's tax rate was increased this year, leaving the inference that the increase was made by council, when the fact is that council did not increase the tax rate. There was an increase of three cents by the board of education to provide for the high school.

There are evidences of prosperity at the city collector's office. Saturday's collections amounted to \$50,000; this large amount is explained by Saturday being the last day of discount. During the month of October five hundred more people took advantage of the discount than last year, and the aggregate collections amounted to \$20,000 more than in October of '96.

**MARION CRAWFORD TO LECTURE.**  
Mr. F. Marion Crawford, the greatest of living American novelists, will lecture this evening at Washington, Pa., on "Italian Home Life in the Middle Ages." As Mr. Crawford will deliver a lecture to-morrow evening at Carnegie Hall, in Pittsburgh, the Ladies' Current Events Club, of Washington, were fortunately able to secure the noted novelist for this evening. Several Wheeling people will go up on the 6:10 train on the Baltimore & Ohio, returning to-night at 11:30. The tickets for the lecture are 50 cents, and there will be no trouble to secure seats, as the lecture will be given in the large West Side school.

**SHEET BARS NEEDED.**  
It is not likely that the two new black plate mills at the Whitaker plant will get on for about two weeks. A stock of sheet bars is needed, and this material was to have been furnished by the Bellaire steel mill, which is unable at present to fulfill the order, owing to the strike. The same cause is affecting two of the heating furnaces, which are forced to use common iron at present.

**AT ST. MATTHEW'S.**  
Rev. N. S. Thomas, late of Leavenworth, Kas., and son of Bishop Thomas, of the P. E. church, officiated at St. Matthew's P. E. church yesterday, to which charge he had been called, and he made a favorable impression. Large congregations greeted him at both services, and they were treated to able discourses. Rev. Mr. Thomas has a convincing and eloquent style, and his reception by his new charge was quite flattering.

**HESS' CUT FLOWERS.**  
Max L. Hess, the Pleasant Valley florist, is this season prepared to satisfy the growing demand being made upon his greenhouses for chrysanthemums and cut flowers. His flowers are acknowledged to be the height of perfection, horticulturally speaking, and have made for Mr. Hess a well deserved reputation in his line.

About 2:15 o'clock this morning it started to rain. Hence to-day will be Thanksgiving in advance.

THERE will probably never be another chance to hear the great violinist, Remenyi, who is at the Carroll Club auditorium with his company of orchestra, Monday night. He leaves next spring for a tour in South America, and one should miss hearing this great violinist, in many respects the greatest.

Maher, the big Irishman, referees the Campbell-Stelzer bout Wednesday night.

He had been troubled with piles for over thirty years, and had used many different kinds of so-called cures; but DeWitt's was the one that did the work, and he will verify this statement if any one wishes to write to him. **PROSPERITY POINTERS.**  
Before the end of three months Bellaire will have two new industries and others will be so enlarged as to give employment to a larger number of men. There was no thought of doing these things prior to the election of last fall.

## THREE TO THE "PEN."

Marshal Bahra accompanied Sheriff Darby to Columbus, Saturday, with three prisoners for the penitentiary, viz: Joe McMillen, three years, for burglary; James Aldredge, eighteen months, for attempted rape; John Matthews, three years, for horse stealing. Officer James S. Johnston acted as marshal during Bahra's absence.

## MORE OUTSIDERS COME.

A crowd of twenty or thirty men came in yesterday to take places in the steel works. The strikers say some of them are of the kind who do not remain long in any one place, and this makes them hope that within a short time a settlement may be made, by which nearly all of the home men now on a strike, will be restored. The works has only been operating one turn so far.

## BELLAIRE BRIEFS.

The Republicans will carry three of the five wards of Bellaire in the election to-morrow and that is all they ever carry. The Democrats are always sure of two wards.

## MARTIN'S FERRY.

Haps and Misaps in the Thriving City Across the River.

H. G. Pratt, the attorney of the Standard Home and Savings Association, has been made the assignee. The assets are about \$20,000 and the liabilities about \$23,000. The hard times of the last four years is the principal cause of the failure. In a single enclosure in 1895 the association lost \$700.

The places of voting to-morrow will be as follows: First ward, home house; Second ward, Isaac Jones' building; Third ward, council chamber; fourth ward, J. C. Haynes' plumbing shop; Fifth ward, home house; Martin's Ferry precinct, mayor's office.

William H. Jones, the roller, has returned from Tuscarawas county, where he has been working for his friends, John Morgan, the Republican candidate for senator, and E. C. Roderick, the Republican candidate for the legislature.

At 6:40 last evening the fire department was called out by a brush fire on the hill back of the residence of Ed McAninch, in the First ward. The alarm was sent in from box 18.

A stranger was arrested at West Wheeling yesterday on suspicion. He had a set of harness and offered them for sale. The Martin's Ferry police were notified.
